DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5 and 7-9 are allowed.

Response to Arguments

2. The following is an examiner's statement of reasons for allowance:

Applicant's arguments, see pages 5-9 of amendment, filed 28 December 2006, with respect to claims 1-5 and 7-9 have been fully considered and are persuasive. The 35 U.S.C. 103(a) rejection of claims 1-5 has been withdrawn.

Concerning claims 1-4, 7, and 8, the prior art does not teach "wherein the notification e-mail is automatically sent to the person in charge, wherein the person in charge can cure the defect by selecting a choice from a plurality of choices contained in the notification e-mail and transmitting the choice as the specific data in the control e-mail to the analysis unit".

Concerning claims 5 and 9, the prior art does not teach "transmitting the notification email to a person in charge of the analysis unit through a wire line or a wireless communication line, selecting a choice from a plurality of choices, and transmitting the choice in a control email to the analysis unit."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
